

Technical Visit
Third Generation Mobilizing System of the Fire Services Department

- Date: 26 November 2005 (Saturday)
- Time: 10:30 a.m. to 12:00 p.m.
(Assemble at the Front Door of Fire Services HQ Building at 10:15 a.m.)
- Venue: Fire Services Communication Centre, 1/F, Fire Services Headquarters Building, 1, Hong Chong Road, Tsim Sha Tsui East, Kowloon.
- Details: The Third Generation Mobilizing System (TGMS) is a new command and control system of the Fire Services Department (FSD) for efficient mobilization of fire and ambulance resources to scenes of emergencies. It replaced the existing Second Generation Mobilizing System (SGMS) and adopted an open platform design with graphic working environment. Comprising of twenty-one subsystems including a Geographic Information System (GIS) sub-system, the new system includes a lot of advanced technologies to improve the efficiency and effectiveness of call-taking and resource dispatching.

In the technical visit, the FSD will give an in depth introduction of TGMS with the following activities:

1. Presentation of TGMS
2. Visit to the Fire Services Communication Centre to view the operation of TGMS
3. To view the TGMS equipment on board of fire engines
